

INSTRUCTIONS FOR CONNECTION OF MODULAR SPILL PLATFORMS

MODEL #1632: 2-DRUM MODULAR PLATFORM

MODEL #1633: 1-DRUM MODULAR PLATFORM

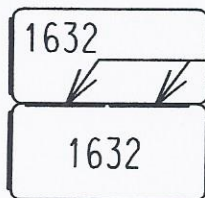

MODEL #1634: 4-DRUM MODULAR PLATFORM

Each 2-drum unit includes three integral top edge hooks
to join units.

2 hooks are on a long side edge and 1 is on short end edge.

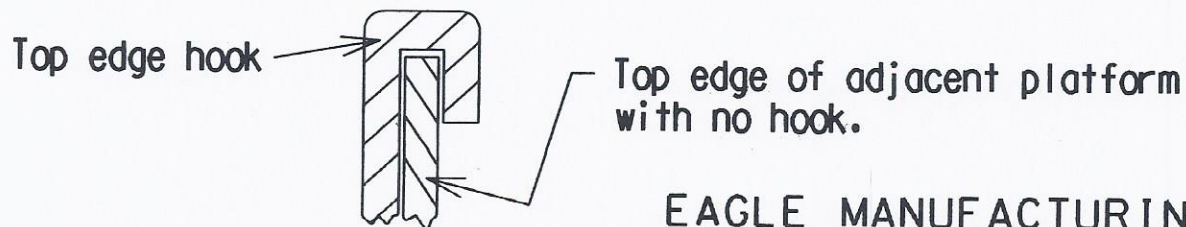

The short end edge hook is used for an end connection.

The 2 hooks on the long side edge are used
for a long side connection.

A multitude of other platform connection configurations
are possible.

Partial elevation view in cross-section showing detail
of top edge hook connection to adjacent platform:
